JULY 2011 Newsletter

Historic Events of July

On July 20, 1969, Neil Armstrong became the first human being to set foot on the Moon. He was the commander of the Apollo 11 lunar module, and was accompanied by Edwin E. Aldrin.

His first words after stepping on the moon were, "That's one small step for a man, one giant leap for mankind." This event was televised to Earth and seen by millions

Willie Mays' 3,000th Hit

On July 18, 1970, Willie Mays became the 10th member of the 3,000-Hit Club by stroking a single off Expos Pitcher Mike Wegener at San Francisco's Candlestick Park.

On July 7, 1971, President Ronald Reagan announced he was nominating Arizona Judge Sandra Day O'Connor to become the first female justice on the U.S. Supreme Court.

We will be having a summer picnic on July 29th. Anyone wishing to change your days to attend (if you normally do not come on Fridays) let us know. We need to have advance notice to set up transportation.

The Program will be closed on Monday July 4th in observance of Independence Day
